# FJ CRESTED PRODUCT

## Custom Gloves & Q-Mark

Innovative custom gloves from FJ. The Q-Mark system allows your club logo to be printed onto a magnetic ball marker which is positioned on the back of the Velcro® closure. Alternatively you can opt for customisation of the glove envelope also. Finally, you could choose to have the Q-Mark and the customised glove envelope for maximum impact.

## Custom Apparel

FJ offers a line of customised apparel. Your club logo can be professionally embroidered onto many of FJ's quality Apparel products.

## Custom Accessories

A range of our accessories are available to customise including our holdall, shoe care kits and headwear.

# FJ SHOE FITTING

## Why The FJ Fit Is The Best Fit

**Sole Dedication** Only FJ focuses solely on golf, so our products enhance the golf experience. It is our sole passion.

**The Most Sizes in Golf** FootJoy offers more sizes than any other manufacturer, you can find the full range in the custom MyJoys® Program.

**The Most Shoe Lasts** FJ offers more lasts (shoe shapes) than any other brand in Golf, including the Laser last developed from foot scans.

**Rigorous Testing** FJ products endure extensive testing to ensure every shoe is made to fit, perform, support and withstand whatever the player encounters during the round.

**Tour Validation** Week-to-week, year-to-year and tour-to-tour, more of the best players in the world wear FJ shoes than all other brands combined.

**BOA Closure System** The BOA Closure System pulls the foot down and back into the shoe for the most precise fit available. FJ was the first golf company to work with BOA and is the only brand licensed to offer the exclusive, premium “heel mount”.

**Materials/Technology** FJ is the leader in golf shoes and golf shoe technology through a commitment to offering every player a shoe that best suits their game and style.

**Size Consistency** FJ shoes are sized consistently across models. If you wear a 9 M in DryJoys, you are likely to be the same size in other FJ shoes, but the feel could be different.
